Veterans of Foreign Wars Veterans Day - 1969

MAYOR'S PROCLAMATION

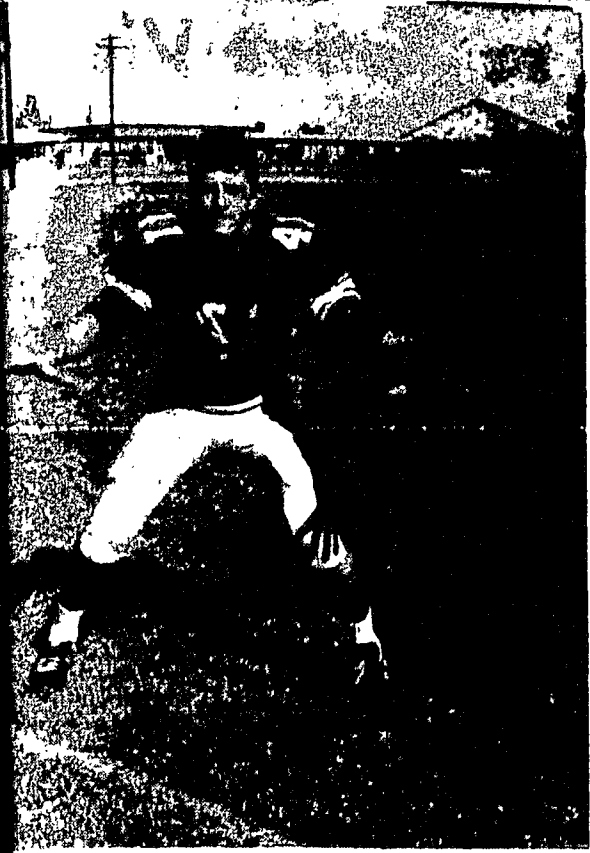

WHEREAS, Many young men of this community have fought for our nation, and some have sacrificed their lives, through service with the United States Armed Forces, in combat against many enemies, and

WHEREAS, These men, the war veterans of our country, have earned the respect and the tribute of every citizen who is today enjoying the freedoms of our land because of the defenders' personal loyalty, courage, service and sacrifices, and

WHEREAS, We can best acknowledge our appreciation and recognition of those brave men through full participation in the special day and week dedicated to all the defenders of our land, now

THEREFORE, I, Warren Carver, Mayor of the City of Bay St. Louis, Mississippi, do hereby urge all of my fellow citizens to fly their Stars and Stripes flag proudly and to participate in, or observe, the public Veterans Day and Veterans Week program which is to be held in our city on November the eleventh and during the week of November 9 to 15, 1969. Furthermore, I do recommend that all of our schools, churches, business establishments and other organizations assist the Veterans of Foreign Wars of the United States, and its many co-sponsors, toward making Veterans Day and Veterans Week a truly outstanding patriotic observance in this year of 1969.

Notre Dame Takes The Tigers 38-20

The Notre Dame Rebels took the Bay High Tigers 38-20 in Bay High Stadium Friday afternoon after trailing the Tigers for the first two periods 20 to 12. Scoring by the Tigers ended at the end of the first half. The Rebels took the opening kick but on the second play an attempted pass was intercepted by Lynne who went 68 yards down the side line to score. Mayo booted the extra point and the Tigers led 7-0. A few plays later after the Rebels held the Rebels the Rebel punted dropped back and three Tigers broke through to successfully block the kick. Ladner picked up the ball and ran it to the seven. Fairconne took the ball from that point and went around right end for a T.D. Mayo then converted and the Tigers were ahead 14-0. The Rebels took the kick and in eight plays went 68 yards to score. One thing Camille left us with was good weather with the exception of a couple of days of rain. Fishing has been the main topic of conversation with most sportmen, but now it is time to talk turkey, geese, ducks, rabbits, squirrels, etc.

November really opens the hunting season. The weather is cooler, the water is colder and both hunting and fishing will be order of the day from now on. Speaking of fishing there are plenty fish being caught most everywhere and by everyone. Trolling up Jordan River for both speckles and green trout has been good. Fish are being caught along the seawall down Cedar Point way and down to Bayou Caddy, in the canals of the bayou and out in the marshes.

SPORTSMAN OF THE WEEK
Believe it or not Tony Benigno has done quite a bit of hunting and still goes occasionally. Tony, a busy barber, sneaks out whenever he can. Squirrel and rabbit hunting are his specialties.

roy Dyer, Floyd Williams and Gerald Talbott. They hope to catch up on their work so that they can enjoy their sports, hunting and fishing. You are in God's Country now, fellows if you like to hunt or fish.

Rex Harrison with the Echo is another hunter and fisherman. When not working he takes to the outdoors.

Carmen Mitchell and brother Ray Kidd had a time catching fish last week. Carmen said she had heard a lot about green trout, but had never seen one until last Saturday, when she pulled one in.

Gary Ladner likes to hunt and fish. He left Nov. 4th for a stay in the Navy. Try it in other countries, Gary.

Dave Ladner, bridge tender on the Highway bridge as usual has been getting some speckles while off duty. Have been getting them a long time, eh, Dave.

John F. Miller says there are a lot of doves in Pelahatchie, Miss. Might be up that-a-way fellow.

Bill and Esther Brewington have moved to Denham Springs, La. Bill hunts, Ester fishes. There is good hunting and fishing up there, folks. They will be at the Cajun Kitchen.

Joe K. Trahan has been enjoying some good hunting and fishing. Joe hails from Metairie, La., where both are good.

Ellis Sumrall and J.C. Longley are from up state. They both hunt and fish. Come back again, fellows.

Jules La France of La Frances Camp on Campbell's Bayou down Ansley way said speckles, red fish and some bull croakers are being caught. Boats for rent, live bait when possible and a launching ramp are at the camp.

Green trout are not doing so hot just now. Water not too good. Trolling with underwater baits is the best bet. Live shrimp are always good for catching them.

Hunters will be happy to see December come in as far as hunting goes.

The open dates for geese, ducks, coots (poule d'eau) gallinules, rails is as follows: In the Mississippi Fly Way.

Geese opened on Oct. 18 thru Nov. 26th. Dec. 13 thru Jan. 11th. Limit 5, possession 5.

Ducks Dec. 13th thru Jan. 11. Limit 4 possession 8.

Gene Leuder besides salvaging what was left after Camille has done a little fishing. Gene likes a lot of others is planning to rebuild his Bayou LaCroix Marina.

The canals that run into Bayou Caddy has been a busy place lately. Some speckles are being caught there.

Aiden Mauffray and Ray Garner went after green trout Sunday. Didn't do so hot. Blame it on the water, boys!

Snipe are a good eating bird. The season opens on Dec. 13th and runs until Jan. 31. The bag limit is 8 and poss. 16, statewide. Snipe are found on marshy land and along bayou and river banks. Let them rise up and when they level off they are a easy target.

Since the hurricane armadillos seem to be more plentiful. They are an ugly animal and are good for nothing as far as we know. One farmer told us they burrow holes where cattle can break a leg.

Saw Bill Stewart for the first time since he lost the show boat. Kinder miss the get together.

Christian, Long Beach Silver Dollars Ladies Receive Awards Are Given By

Plans for expansion and an ultimate goal of a large medical center to be equipped with ultra modern facilities for patient care. He expressed appreciation for the many services performed by "pink ladies", who as volunteer workers oil the wheels of a smoothly running facility.

Mrs. Donna Baird, Gift Shop director and buyer, said: "The Gift Shop is bursting with Christmas goodies and is one place left untouched by Camille. It is gay and colorful, and full of inexpensive holiday gifts." The shop is staffed entirely by volunteers and is open from 10:00 a.m. until 4:00 p.m. week days. On Sunday it opens at 1:00 and stays open until 4:00. Mrs. Baird would like more volunteer hostesses and says the work is interesting and rewarding.

Silver dollars minted in 1887, never touched by human hands and uncirculated for over eighty years, are given as prizes by the Gulf National Bank to those opening a new account. The "give away dollars" started in August of 1966 in commemoration of the opening of the Bay St. Louis branch, one of Gulf's six convenient locations. Coin collectors believe this particular coin to be worth in the neighborhood of \$1.52. Also prominently displayed and framed is another Gulf National "conversation piece" -- Joe Blow's Last Will and Testament:

"My overdraft at the bank will go to my wife. She will explain it. My equity in my automobile to my son. He will then have to go to work to keep up payments and buy gas and oil.

"Give my good will to the supply house... they took some awful chances on me and are entitled to something.

"My equipment goes to the junk man. He's had his eye on it for several years.

"I want six of my creditors for pallbearers. They have carried me for so long they might as well finish the job."

Faculty Member To Preside At Convention

Brother Celestine Aligro, S.C., faculty member at St. Stanislaus High School and president of the Southern Unit of the Catholic Business Education Association, will preside over the 1969 CBEA Convention in New Orleans. The convention will take place at the Fontainebleau Motor Hotel from November 6-8.

The annual three-day conference for business educators, principals, and college business education majors will feature current trends in business techniques, equipment and supplies. The program of speakers will be under the direction of Sister Marie Thomas Brogan, S.S.N.D., chairman of the Business Education Department of Sacred Heart High School in New Orleans, Louisiana.

Brother Celestine is in his first year as president of the southern unit of the Catholic Business Education Association.

Plans Revealed For Area Junior, Senior Scouts

by Joe Pigg

Mrs. Jean Wood, a professional worker with the Girl Scouts movement, announced today that Skills Day is being planned for Junior and Senior scouts, and a Play Day is in the planning for Brownies within this area. Mrs. Frank (Lynn) Parrish was appointed as advisor to Senior Girl Scout Troop

Business Education Association. He has also served as treasurer of the CBEA. He is currently chairman of the Business Education Department at St. Stanislaus and is also chairman of the Business Education Committee of the New Orleans Province of the Brothers of the Sacred Heart.

122 and met with the girls on Tuesday afternoon in the home of Mr. and Mrs. Joe Parrish with their daughter Pam acting as hostess to the group.

Fall, a long time wonder, is commencing about the year-tuning up to senior scouts. Last summer her application was approved and she became a member of an archeologic exploration team working under the guidance of The University of Alabama with David L. De Jarnette as supervisor of the dig. Patti's diary gives her account of this "very wonderful experience" and she says it definitely helped her to make up her mind about future plans. She is looking forward to a return trip this summer where for two weeks young adults "dig up a lot of knowledge about the Indian civilization that once prevailed near Mobile, Alabama."

Mrs. Wood expressed appreciation for the lively interest taken by residents of Hancock County in the scouting movement. She said this interest has

increased since Castle, and numerous volunteers to teach the girls through the program which enables students to become better citizens in the future. Mrs. Wood said that the well-planned program.

Rock-A-Chaws Down Bearcats

By Hy McEnery

The St. Stanislaus Rock-A-Chaws had a fairly easy time posting their fourth victory of the season by putting the Bearcats to the Long Beach Bear Cats Friday afternoon by a score of 26-16. The win in the St. Stanislaus Stadium made the Rock's record 4-2.

First score for the Rocks came when Edwards took the ball over from the five and Pustalet kicked for the PAT. The second Rock score came from Smith's two-year carry and Oustalet's second kick for a PAT.

The Bearcats then made their first score which was followed by another Rock TD when Edwards broke loose for 35 yards. Late in the second quarter Edwards connected with Oustalet on 30-yard touchdown pass which marked the last of St. Stanislaus scoring.

After half time the Bearcats scored on a short quarterback sneak. Long Beach then picked up a safety in the third period when the Bearcat line dumped Smith in the end zone.

The last score of the game came when Long Beach went down field 44 yards in 11 plays and then putting the ball over from the one. The run for a 2-point conversion was good to make the score 26 - 16.

Executive Director Named For Council

Chester McKee, Jr., Ph.D., Vice President for Research and Dean of the Graduate School, Mississippi State University, has been appointed Executive Director for the Governor's Emergency Council, according to an announcement made by E. L. Brunini, Council chairman.

The university has granted Dr. McKee a leave of absence, Brunini said, in order that he might render a singular public service by heading the staff of an innovative region-wide development entity whose program has potential national significance.

In the wake of Hurricane Camille's destruction, Governor John Bell Williams created the "Governor's Emergency Council" by an Executive Order which delegated to the Council certain of the general and the Civil Defense powers of the office of governor. The ten-member "blue ribbon" group is charged with coordinating the application of state and federal resources for the development of Mississippi's hurricane-prone coastal area.

Responding immediately to the state's initiative in creating this non-factional regional authority, which is an innovation in inter-governmental relations and operations, President Nixon directed agencies and departments of the federal government to cooperate with the Governor's Emergency Council. A White House staff member was appointed by the President to act as liaison between the Council and the various federal agencies.

With funds granted by the Economic Development Administration, U.S. Department of Commerce, the Council has embarked upon a series of studies designed to lay the groundwork for a completely new, regional-scale effort to realize the full potential of the six-county coastal "boothel" of the Mississippi map.

McKee's experience and the work he is doing currently are directly relevant to this effort, the Council's chairman pointed out in his official announcement. "Dr. McKee is engaged now in the management of research and in the experimental utilization of computers for that purpose," Brunini said.

"He has played a key role in the university's development of an interdisciplinary program of research in space and environmental sciences," the Council chairman continued. "This program deals broadly with the total environment, just as the program of the Council is projected to do."

"This activity at MSU is funded by the National Aeronautical and Space Administration (NASA). Although speculation varies widely regarding specifics, most observers agree that NASA's Mississippi Test Facility in hurricane-hit Pearl River and Hancock Counties will be an important factor in any region-wide development plan. Since 1961, Dr. McKee's duties at the university have included the development of funding from federal and private sources for the support of research, training and service programs in his new role as Executive Director for the Governor's Emergency Council. McKee's appointment is in full recognition of his leadership in the development of the region-wide development plan."

Survey Shows More And Better
Pine Than Ten Years Ago

"Mississippi has more and better pine timber than it did a decade ago, says a new release from the Southern Forest Experiment Station at New Orleans. Continuing, the release also said that hardwood volume has changed little. It then pointed out that the timber industry in the State is at a recent high; wood is growing faster than it is being cut."

The information given above was taken from the findings of a new forest survey report entitled "Forest Resources of Mississippi."

Other findings revealed by the survey are:

Mississippi now has nearly 13 billion cubic feet of timber in sound, well-formed trees at least 5 inches in diameter. An additional 2 billion cubic feet, mostly hardwoods, may be found in trees too rough or rotten to be used for saw logs. Volume of softwoods, chiefly southern yellow pine, increased 63 percent since the previous survey of 1957. Hardwood volume rose 3 percent. The State now has nearly equal amounts of softwood and hardwood growing stock.

Trees large enough to make saw logs contained the equivalent of 42 billion board feet of lumber. In these sizes, softwood volume increased 69 percent while hardwood gained 3 percent. The report indicates that the larger hardwoods, those most suitable for factory lumber and veneer, may be declining.

Forests occupy 18.9 million of the State's 30.3 million acres—56 percent of the total land area. The acreage of forest land is about 2 percent less than it was in 1957.

BOOK FAIR
Mrs. Roger Crull was appointed chairman of the Book Fair to be sponsored by Christ Episcopal Day School Parents Teachers Association early in November. The date will be announced later.

by Joe Pilet

Members of the Building and Funding Committee of Trinity Episcopal Church in Passaic Christian have announced that the historic Trinity Church, destroyed by Hurricane Camille, will be re-built as nearly as funds and building restrictions will allow, on the original architectural lines of the original church." This report was made by senior warden J.C. Watson, a member of the Trinity Episcopal Building and Funding Committee of which Mrs. Stanford Morse, Sr. is treasurer. Other members of the committee are: Durrle B.

the first of the winter storms. The weather was rather peculiar. It was a cold day, but not very cold. The wind was from the north, and the sun was shining. There was a light frost on the ground. The trees were bare, and the leaves had fallen. The grass was dry and brown. The sky was blue, and the clouds were white. The water was calm, and the ice was thin. The birds were flying, and the insects were crawling. The people were working, and the animals were playing. The world was full of life, and the future was bright.

In teams clearing debris.

A heavy filing cabinet was dug out of the mudding the cementation. This cabinet contained important documents and reports which were rescued by the Reverend T. J. Lundy and carried to the office of Bishop John M. Allin. From that point they were taken to the State Department of Archives and History for prompt attention. It is reported that between 80 per cent to 90 per cent of these papers have been preserved by microfilming process and will be returned to Trinity at a later date.

(Continued on Page 5-B.)

The First Presbyterian Church of Bay St. Louis, will observe a "Day of Commitment", Sunday, November 8th, during the 11:00 a.m. service. At that time the congregation will consider the new church-year budget; also the Women of the Church officers will be installed.

An old-fashioned Dinner on the Grounds will be served by the Women of the Church at 12:30 p.m. Everyone is invited to attend and share in this time of Christian fellowship.

Mr. and Mrs. W. A. Hauer of Long Beach, Miss. were in the need of a new pick-up truck. They shopped around in the different dealerships and got their prices. Then they called Lamar-Lane Chevrolet in Bay St. Louis and told their friend Joe Palanzo that they were interested in a new pick-up. Joe offered the Hauer's a Lamar-Lane Chevrolet truck that was the best deal offered them. The Hauer's do not know that if over the used arises that the service department at Lamar-Lane Chevrolet is one of the best in the area, as all of their service personnel are factory-trained and experts in their fields. If you're thinking about buying a new car, shop around and get the prices then visit Lamar-Lane Chevrolet and ask for Joe Palanzo, he could save you many dollars. By the way Joe has many 1971 cars for you to select from.

MR. AND MRS. GEORGE M. LANDRY

Fayard, Landry United In Double Ring Ceremony

Miss Karen Marie Fayard, daughter of Mr. and Mrs. Frank Lionel Fayard of Bay St. Louis, became the bride of George M. Landry, son of Mr. and Mrs. Sam Whittington of Pearl River, Miss., October 26 in a double ring ceremony in Our Lady of the Gulf Catholic Church.

Rev. John Nadeau performed the 2 p.m. ceremony before an altar adorned with vases of white chrysanthemums and greenery.

Mrs. John Nadeau, organist, played the processional and recessional and a program of appropriate selections during the ceremony.

The bride, given in marriage by her father, wore a white formal gown of peau de sole fashioned on empire lines with high rounded neckline and long sleeves. A detachable train fell from the shoulders and her finger-tip veil of illusion was held by an organza headpiece featuring petals of peau de sole trimmed with seed pearls. She carried a bouquet of white mums.

Mrs. James Fayard, who served her sister-in-law as maid of honor, wore a floor length dress of blue peau de sole fashioned on empire lines with round neckline and short sleeves. Her headpiece featured a short blue veil of illusion attached to a matching peau de sole rose and she carried a cascade of yellow chrysanthemums.

E. J. Fayard, brother of the bride, served as best man and her brothers James and Lionel Fayard were ushers.

A reception was held following the ceremony at 195 St. Joseph Street, Waveland, where Mrs. Fayard assisted in receiving their guests wearing a blue silk dress with black accessories and a white carnation corsage.

The mother of the groom chose for the occasion a light blue knit dress, matching accessories and a corsage of white blossoms.

The bride's table, overlaid with a white linen cloth, was centered with a three-tiered cake trimmed with pale blue spun sugar roses topped with the traditional bride and groom. Crystal candelabra holding white tapers were on either side.

Mrs. E. J. Marengo presided at the cake table and Mrs. Herbert Cardin poured punch.

For her wedding trip the bride wore a light wool brown dress with white accessories and a white carnation shoulder bouquet.

The bride is a graduate of Bay High Senior School, and the groom a graduate of Hancock North Central, is presently employed with Halter Marine Company, New Orleans.

Gathering Held By Zengarlings

A family gathering of the Zengarling family and barbecue was held Sunday at the Zengarling estate on Bayou La Croix.

Attending were Thomas, Randolph, Joseph and Robert Zengarling, Mrs. Carl Heltzman, her son Jerry and son and daughter-in-law Mr. and Mrs. C. J. Coast Garden Clubs Featured In Calendar

By Joe Pilet, Staff Writer

The Garden Clubs of Mississippi, Inc. presents, for a second year, a beautifully illustrated Engagement Calendar in which Gulf Coast garden clubs are represented with eight entries. Mrs. B.M. Lewis of Hattiesburg served as calendar club members. "Plan now to have a picture in the 1971 calendar. Good photography is of great importance. Place your arrangement within the frame of the picture with the same care you use in placing a flower in the arrangement." The 1970 calendar places emphasis on flower arrangements for home or for shows and embraces horticulture, the care of trees, shrubs and lawns.

Two Bay-Waveland entries were Tennessee Waltz, designed by Mrs. Paul M. Miller, photographed by her husband, and successfully depicting the swaying rhythm of waltz step; and "When the Saints Go Marching In," by Mrs. Dan Russell, Jr., in which the familiar "foot-ball" chrysanthemum appears in a black container. Mississippi Contributions, designed by Mrs. C.J. Wallace of the Pass Christian Garden Club, was done in memorial of Lt. Joe E. Allen, USMC, a neighbor and friend of Mrs. Wallace who gave his life in Vietnam. Design for the wreath was taken from the Lieutenant's Silver Star medal. Laurel leaves, yucca, jasmine and cannelias, a meaningful part of the state's rich heritage, were used by Mrs. Wallace.

The Woodland Garden Club of Gulfport had two excellent entries they were titled Deep Purple by Mrs. Richard Graves, and Make Mine Music by Mrs. Arthur Welch, Gulfport's third

Meeting Held

The Young Homemakers of Bay St. Louis met Wednesday, October 29th in the home of Mrs. Larry Smith with Mrs. Andre Arceneaux serving as co-hostess.

All of the clubs records were lost in Camille, due to the fact that the homes of the president, secretary and treasurer were flooded during the storm.

Refreshments of pizza, soup, cake, wine and coffee were served at the meeting.

The next meeting is scheduled for November 19th at the home of Mrs. Don Baker. Project for the month will be a Christmas plaque.

MRS. VINCENT J. CUEVAS

Oakes, Cuevas Vows Exchanged

Miss Catherine Dear Oakes, daughter of Dr. and Mrs. William T. Oakes of Amory, Miss., and Vincent John Cuevas, son of Mrs. Manigault Cuevas of Bay St. Louis, and the late Mr. Cuevas, were married October 21 in St. John's Catholic Church, Oxford, Miss.

The bride who is attending Mississippi State College for Women, is a member of Alpha Delta Phi Sorority.

Mr. Cuevas, a graduate of St. Stanislaus, Bay St. Louis, is a senior at the University of Mississippi majoring in Mechanical Engineering. He is a member of Alpha Tau Omega.

The couple is residing in Oxford.

Meeting Held

The WSCS Night Circle of the Main Street United Methodist Church met Tuesday in the home of Mrs. William Terry.

Mrs. Lloyd Lewis presented the program on "Thanksgiving entitled, 'What's In Your Thanksgiving Bag'."

Revolving Stage To Eliminate Delay In Theater Production

Theatergoers attending the forthcoming presentation of the comedy **ENTER LAUGHING**, at the Little Theatre, will see this city's first performance of a play on a revolving stage. Use of the device enables as many as five wedge-shaped settings to be readied off stage and turned into position within moments, thus eliminating all delay between scenes and speeding the time required to present the play. The number of sets necessary for **ENTER LAUGHING** would have prohibited its performance at this theater unless a revolving stage had been installed.

ENTER LAUGHING will be presented to theater members and the public on the nights of November 20, 21 and 22nd. There will also be a workshop performance given free of charge on November 18th for all high school students of this area. Students interested in drama are invited to attend and to remain after the final curtain to meet the actors and discuss the play with its directors, Burt Barrett and Cal Smith.

A new and greatly improved lighting system will also be

YOUNG ACTOR in trouble at rehearsal is portrayed in this scene between Terry Malone and Betty Lou Ney. The Little Theatre play will be given on November 20, 21 and 22nd, used for the first time during this play, the last of the 1969 season.

IMPRESSONABLE young actor Don Coleman, played by Terry Malone, is easy to impress by secretary, Nannette Madden in this Act II scene from the Little Theaters' final production of the season, **ENTER LAUGHING**.

such time as the church can properly house them. Denominational designation "episcopal" was not found in the early records. The church is episcopal, but to quote from a bulletin issued on the One Hundredth Anniversary of Trinity Parish in 1949: "Its heart and doors have ever been open to all people."

An architectural jewel of Gothic design with large moss-draped live oak trees in the foreground of a garden carpeted with large-leaf English ivy, Trinity stood as a treasure trove of exquisitely beautiful appointments, bronze memorial plaques, stained glass windows, and memories of precious sacrifices, holy matrimones, baptisms of infants, and last rites of departed souls. It was a Mecca in Mississippi for tourists and communists alike. It is the hopes of the Building Committee that with all deliberate speed this church may be returned to the people built in such a manner that those who know the destroyed Trinity will feel very much "at home" in the familiarity of its reproduced structure.

Premium Books Available For Livestock Show

Premium books for the fifth annual Dixie National Livestock Show and Rodeo scheduled for February 12-21, 1970 in Jackson are now available through the Mississippi Coliseum, according to H.H. Anison, executive secretary and general manager of the Mississippi State Fair Commission.

Billed as the largest livestock show east of the Mississippi River, the 1970 Dixie National at the Mississippi Coliseum and State Fairgrounds will feature an increased premium list, totaling over \$100,000 to breeders of beef cattle, swine and horses.

Open show divisions will include a Register of Merit Here-

ford Show, Four Star Angus Show, Brahman, Polled Hereford, Shorthorn, Santa Gertrudis, Charolais, show and National Barrow Show, and National Horses (A.Q.H.A. approved) and performance Appaloosa horse and Paint horses.

Also highlighting the Dixie National will be the Stetson's world cowboy rodeo. The five-day rodeo will include a complete schedule of events and performances. It is estimated that the show will attract over 100,000 visitors and will be a major draw for the area.

The show will be held at the Mississippi Coliseum and State Fairgrounds, which are located on Highway 90 in Jackson. For more information, contact H.H. Anison at the Mississippi State Fair Commission, 48201, Phone AC 6011.
